Best quality at the best price

Clarke's Furniture in Harbour Grace will not be beat on price, service

Glen Clarke

Clarke's Furniture in Harbour has changed the complexion of the furniture business in this region since it came on the scene a decade ago.

And if you're a customer, that's a good thing, because that means the best possible selection of products, at the best possible price. And the high level of customer service ensures a satisfying experience each time you walk through the doors at Clarke's.

"We work hard towards personal service, and trust with our customers," says store manager Lyndon Pike.

The business is owned and operated by Glenn and Tina Clarke. Glenn has been in business for 30 years, while his family has been in the retail sector for more than a century.

So if it's experience and professionalism you seek, look no farther than Clarke's Furniture.

The Clarke's, after many years of study and research, have tailored their business to meet the needs and tastes of homeowners. The strategy is working, because it's so simple.

"We try to be different through customer service, and great low prices, and by making our customers feel comfortable after they leave our store," said Glenn Clarke.

What will you find at Clarke's Furniture?

Everything from a wide selection of bedroom sets and kitchen furniture to sofa and recliners.

We can also help you decorate, and offer a good selection of pictures, wall hangings, and fireplaces of varying styles and colours.

We're also good under foot, offering laminate, hardwood, vinyl, carpet and ceramic tile. We also install carpet and vinyl.

And consider this. We sell GE and Whirlpool appliances, and our kitchen cabinets can be custom ordered, in different styles and colours. What's more, our mattresses are Canadian made, and come with a great warranty.

When it comes to windows and doors, we will not be beat on price. We are an official Kento clearance centre, and an official Global dealer.
